

Potty Training Assistance Policy

If your child is in the potty-training process and they are sent to Mango's Place in underwear, you are required to the following:

- Send a change of clothes (which includes socks and shoes).
- In case of multiple accidents, we ask that you bring the required number of pull-ups for every two hours your child's reservation is for / Example: if your child is scheduled for 6-hours you would be required to bring 3 pull-ups.
- Provided pull-ups are required to have tabs or Velcro on the sides.

Accidents: If your child has one accident while at Mango's they will be changed into pull-ups for the remainder of the day.

- If your child has an accident, and these things are not provided, your account will be charged: \$2.00 per pull-up.
- If your child continues to have accidents, they will need to come to Mango's Place in a pull up. We will take them to the potty, every hour, to encourage the process.

Diapers: When a child is brought to Mango's in diapers, they will not qualify for our potty-training assistance program. They will be checked within the first hour of arrival and every two hours after until pick up.
